EVERY PLAYER MATTERS

Everyone likes to win.

All our players like to win.

One thing all our players also like is ... to play!

Some managers struggle to get the balance right between satisfying the natural competitive instinct of youngsters to win and giving every good time on the pitch.

Roll on, Roll off substitutes is about giving every player the opportunity to participate in games. There is no limit to the number of times players can come on or off. If every player is not playing some part in a game its likely you are prioritising winning over the involvement of all your players. Is winning the be all and end all of junior football?

Use your substitutes and give every player their time on the pitch.
